### Principal's Message

I hope everyone is doing well and had a wonderful break last week. It is so important that families have those opportunities to be together and have a chance to reset. I enjoy going out to recess and hearing from the students about their breaks. Now, we are back and students and teachers are busy filling our last months of the school year with as much learning as possible. Many of you have also read that there are changes regarding our COVID protocol. While it is exciting to hear of positive developments there will be more communication on the way regarding these changes so please continue to check your email regularly for updates. As always, we will help guide you and your family through this transition and prioritize the health and safety of our students and school community.

Warmest regards,

*Dr. Derrick*
